FOREWORD

The purpose of this catalog is to introduce you to The Hargrave Military Academy; to show you by word and picture what the school is doing for the boys under its care.

Hargrave Military Academy is a member of the Southern Association of Schools and Colleges, which is the highest standardizing agency for approved Southern schools. Our graduates are admitted to colleges and universities on certificate without examinations and on the same basis as graduates from other preparatory schools of the first rank.

The history of Hargrave Military Academy, a Baptist preparatory school, verifies its slogan, "Making Men—Not Money."

Through the united efforts of Rev. T. Ryland Sanford, then pastor of the Chatham Baptist Church, and his loyal and consecrated friend, J. Hunt Hargrave, Chatham Training School was organized in 1909. In 1925 the name was changed to Hargrave Military Academy.

THE PRESIDENT KEEPS IN INTIMATE CONTACT WITH THE CADETS

COUNSEL AND GUIDANCE

During the school year frequent individual and group conferences are held with the President. Our Guidance Program is directed by the Registrar and the entire faculty. Each student is assigned a faculty advisor to whom he may carry his problems. With the aid of mental and aptitude tests, the guidance committee seeks to direct not only in the academic field but endeavors to advise and stimulate each individual in his leisure activities.

PHILOSOPHY

The secondary school in America exists to aid and to promote in its students the development of those powers, skills, attitudes, and ideals which will enable them to become progressively useful as citizens in the school community, to the end that they may play useful and honorable roles as citizens in a democratic social and political order. Its program must, therefore, be so organized and administered as to assist and encourage the individual pupil to acquire, to the extent of his native endowments, the knowledge and experiences that will assure, so far as may be, a personal responsibility for the realization of a well-rounded life in his relationship to society. In scope the program should embrace the mental, moral, physical, social, cultural, and spiritual phases of man's existence.

Hargrave Military Academy, founded by a group of consecrated Christian leaders and developed under the ownership and general control of the Baptist Board of Missions and Education, believes that it is obligated not only to provide for the mental, moral, and physical development of its matriculates, but also to give the spiritual and religious aspects of life a definite place in its program. A proper attitude toward and relationship with the Supreme Being, developed in a non-sectarian atmosphere, with tolerance and goodwill toward all, are essential to the building of Christian character and leadership. The motto, "Making Men — Not Money," with all that it implies, sums up the philosophy of the school.

The student body of Hargrave Military Academy, which is composed of boys from many social environments, home conditions, and educational backgrounds, may be divided into two main groups: (1) those who enroll for the specific purpose of preparing for higher education; and (2) those who have failed to fit into the educational program of their home communities. It is the duty of the school to provide a program suited to the needs of these distinct groups.

OBJECTIVES

Specifically these objectives may be stated as:

1. To provide a corps of teachers trained to lead in academic and extra curricular explorations, interests and activities calculated to help the student discover his aptitudes and decide what he will do with his life.
2. To maintain a pleasant, homelike atmosphere with proper care for the comfort, diet and general happiness of the student body.
3. To provide in so far as possible individual attention both from the educational and personal points of view.
4. To maintain a Military Training program emphasizing physical exercise and the development of such traits as punctuality, obedience, orderliness, respect for constituted authority, reverence for our Flag and National Institutions, a sense of personal responsibility, self-reliance, and leadership, as well as the building of strong, graceful bodies.
5. To provide a sports program which seeks to afford adequate physical training, to promote and develop a true conception and practice of sportsmanship, and to create a spirit of loyalty and co-operation.
6. To provide for faculty-sponsored activities, initiated by the students, and developed in accordance with their recreational, cultural and avocational interests.
7. To maintain a wholesome environment, stress character building and spiritual development both by precept and example.
8. To develop the adolescent youth into a well-rounded being, ready and willing to take his place in society, whatever that place may be.

DIETETICS

MISS DEBORAH PATTERSON
Dietitian

The school tables are furnished with an abundance of well-cooked food. The best grade of goods is purchased and used. We do not attempt to furnish the delicacies and nick-nacks that are found in many homes. Dietitians aver that a good wholesome diet, though perhaps not as pleasing to the boy's appetite as the niceties, is far better for the proper development of a growing boy. To observe the development of a lad while a student here is sufficient proof that he receives the proper nourishment.

The faculty, their families, and students are served at the same tables and with the same food. This, in addition to assuring the patrons that their sons are properly fed, helps to develop that intimate relationship between faculty and students, which has ever been the policy of the management of Hargrave Military Academy.

HEALTH

H. H. HAMMLER, M. D.
School Physician

MISS LULA WATTS
Nurse

In selecting a school, parents always think of the location, climate, etc. They want the health of their sons to be carefully safeguarded. Clatham has an excellent health record. The climate is temperate, winters are only moderately cold, and there are not many days in which a boy cannot take some form of outdoor exercise.

It would be difficult to find a school with a better health record. This record is due largely to our climate, pure air and water, excellent sanitary provisions, regular habits, wholesome diet, and the careful oversight of the cadets. Cadets are urged to report immediately any indisposition to the school nurse or physician.

The medical fee insures adequate nursing in minor sicknesses, usual remedies and medicines, and physician's services. In case of extreme illness, when trained nurses are needed, or expensive antitoxins are necessary, the parents or guardians bear the expenses. These are exceptions and rarely occur.

In case of serious illness parents will be notified immediately.

LIBRARY

MISS GEORGIA MATHIAS, LIAISON
Librarian
UNIVERSITY OF ROTTERDAM

The Library, a bright, and spacious room, provides for the cadets and faculty a pleasant center for recreational reading, reference work, and study. A collection of about 1900 volumes includes standard and up-to-date references, and recreational reading in both fiction and non-fiction. A large selection of current magazines and newspapers is one of the most popular features of the Library.

Cadets are encouraged in their individual reading interests, and with guidance are led to improve their tastes in reading, and to develop an appreciation of the values and pleasures of good reading. A course in the Use of the Library is offered as part of the English program, and is required of all students who have not previously had such training.

DORMITORIES

The buildings, having been remodeled within the past few years, offer pleasant homes for the faculty and student body. The second and third floors of each building are used for dormitories. A professor is located in a central place on each floor. Bed rooms accommodate two students, and the school furnishes each room with bed, mattress, dresser, table, and chairs. All bed rooms are easily accessible to fire escapes. Toilets, Showers, and Lavatories are provided on each Dormitory hall.

ASSIGNMENT OF ROOMS

Rooms are assigned as students matriculate. Great care is exercised in the selection of room mates. The President reserves the right to use his judgment in changing students' rooms and roommates whenever he thinks best.

STUDENT SENATE WITH FACULTY ADVISER
A Select Group of Students Who Assist in the Administration of School Government

STUDENT SENATE

The Student Senate is composed of four Seniors, three Juniors, two Sophomores, and one Freshman. This Senate, in case of suspected dishonesty in class work, investigates, advises, and in repeated cases, confers with the faculty, who again investigate and deal with it according to the merits of the case. The purpose of this Senate is to instill into the youth the value of truth and honesty and cause them to abhor that which is low and debasing.

THE CADET CODE OF HONOR

"A cadet of Hargrave Military Academy is a true gentleman. He stands for the highest ideals of life. He loves peace and deplores war, but is always ready to defend his country in its hour of need. He respects authority. He obeys the law. He cultivates filial love, and strives earnestly to be a credit to his father and mother. He honors the Supreme Being in thought, word, and deed."

Classes

"Integrity is the mother of knowledge. The desire for truth is the basis of all learning, the value of all experience, and the reason for all study and investigation."

THE HISTORY OF THE SENIOR CLASS

Dear Diary:

Summer had again sealed her portals for another year, and as bright beams fell from her eyes on the early fall of '89, among the ground with an unprepared nation, a class was born—a class whose experiences were to be as rich and varied as the radiant colors of the spectrum itself!

Looking back from where we now stand dear Darry, we can readily appreciate the significance of that momentous day—its poignant comedy, its restless expectancy, its stirring drama, tinged with the aspirations and hopes of determined but untried youth, and too, in eloquent respect for that little group of twenty-six cadets who proudly assembled in the grey interior of Hargrive to form the Class of '43. But they were not all raw recruits, six of the twenty-six had received training for three years of training in the Junior Department and were in a very real sense, veteran leaders of the Orange and Black banner. And dear Darry, if we may borrow a line from your last page to round out the first chapter of this history, it is a tribute to the stability and loyalty of that original group of Lutesman to record here that one out of them remained at Hargrive to achieve the high objective they had set for themselves. That may not be a new record, but there is no denying that it is a good one, and we are proud of it.

We note dear Diary that you have devoted considerable space to perhaps the most absorbing problem of all Freshmen drill. It is not unlikely that the memory of our early attempts to master the simple square movements, the more difficult manual of arms, and the somewhat complex company formations will never forsake us. We do not intend that it should. In few activities is individual cooperation more completely essential than in a unitary organization. Here we learned the qualities and values of cooperation, of punctuality, of obedience, of quick perception, of accurate execution, and of leadership. It is as a matter of great pride that at so formative an hour in our careers at Harrogate has the Cadet Corps received a Government rating above the high standard of "Excellent." In one of these inspections the Class of '43 played an increasingly responsible part.

Of no less importance, dear Diary, are your references to our academic pursuits. We find no indication that our teachers ever considered us mental giants or potential Eastons. The assignments were exceedingly difficult at first, but we were led patiently and with great skill from one step to the next until we could confidently hope for the attainment of our goal. The level of our grades were not high, yet the record shows that many of our members consistently earned enough quality credits in their class work to be named on the Honor Roll regularly. That fact speaks for itself.

In the Armed Forces the badge of meritorious service is the decoration bar worn on the left breast of the uniform. At Hargrave such ribbons signify noteworthy participation in some or gamized branch of student activities. We are proud, dear Diary, to have won a full share of them. We are proud that in our case they generally indicate a gradual advancement from so-called "midgets" to varsity veterans, from the rank and file to captains of companies, from contributors to editors, from assignments of little consequence to positions of leadership. In that time the Class of '43 has grown from twenty-six Freshmen to sixty-five Seniors. In our time we have seen Hargrave grow from a Corps of scarcely two hundred to her present banner enrollment of three hundred cadets.

But it has not all been a dull, drab struggle—work without play. We have participated in practically every sport that bears a name and have enjoyed the masterful play of championship teams. Our voices have rung from the forum. In social activities we have responded to the magic quality of soft music and felt the elusive power of romantic charms. In Chapel and at Vespers, as well as by daily precept and example we have discovered the Way of Life and have learned to walk with God.

Yes dear Diary we can say now in closing this history that the Class of '17 has developed as the stately oak, with each of its main branches - the mental, the physical, the social and the spiritual - full, strong and mighty. And like the oak which today is being used so efficiently in Man's greatest struggle against tyranny we stand ready to shoulder arms and go forward in our Country's cause to Victory and an enduring Peace.

"So nigh is grandeur to our dust,
So near is God to man,
When Duty whispers low, 'Thou must,'
The youth replies, 'I can!'"

COURSES OF STUDY

The curriculum at Hargrave Military Academy is based on the standard college entrance requirements as maintained at the best colleges and universities. The Academy is accredited by the Virginia State Board of Public Education and is a fully accredited member of the Southern Association of Colleges and Secondary Schools. Its graduates are therefore admitted on certificate and without examination to standard colleges and universities belonging to the Associations. Parents are advised, however, that a boy's course at the Academy ought to be planned in advance with reference to the particular college or profession that he will enter.

Credit for work previously done will be given on certificates from other accredited secondary schools, although each case will be treated solely on its merits. A cadet who may come to us for his senior year's work or for a year of post-graduate preparatory school work before he enters college regardless of the number of units he may present, will not be granted a diploma until he has satisfied our diploma requirements and completed four major units, one of which must be second, third or fourth year English under our instructors. This necessitates at least one full school year's attendance at Hargrave Military Academy.

A "unit" is a prescribed subject studied successfully for thirty-six weeks, five days a week, one hour per day. Each instructor gives his closest attention to the individuals in his class, and groups are made small enough to be handled to the best advantage. Cadets may not drop out of classes without written permission from the headmaster and each cadet is required to carry at least three major subjects. Four major subjects is the regular work of the average cadet. If a cadet wishes to take five major subjects he must have written permission from the headmaster to do so.

Our passing grade is 75 per cent. For college certification a grade of 81 per cent in every subject is required.

PREPARATION OF LESSONS

It is more important how a pupil studies than what he studies. Many come to us not only poorly prepared, but also with little knowledge of how to study or apply their time to advantage. Most pupils, too, find difficulty with at least one subject. Whether the difficulty arises from lack of natural aptitude, poor preparation, bad memory, laziness or ignorance of how to study, the case almost always requires special treatment. These hindrances to progress are overcome by preparing lessons under the direction of a teacher in the study periods during the day, in the study hall at night, and by special coaching.

Elective	5 units

ADMISSION

An applicant for High School work should be at least 12 years of age. The age limit, however, will be sufficiently elastic to meet such exceptional cases as may be approved by the President. Every applicant must submit a testimonial of sound character, courteous behavior, and work covered from the authorities of the last school attended.

CREDITS FOR PREVIOUS WORK

A student entering from another school must present a transcript signed by the Principal of the last school attended. This certificate, which should be sent as soon as possible after filing application for entrance, will exempt new pupils from entrance examinations, and is necessary to insure proper classification.

PHYSICS SECTION OF THE SCIENTIFIC LABORATORY
Which is Modernly Equipped for Experiments in Optics, Acoustics, Electricity, Chemistry, and Physics

METHOD OF INSTRUCTION

The principle of thoroughness is kept ever in mind. No sacrifice of this is made in the attempt to accomplish a prescribed amount of work.

At the close of recitation periods, helpful explanations of assignments for the next day are made.

The Instructors are always glad to give individual assistance at vacant periods.

Frequent written tests are held to enable the instructors to keep more closely in touch with each member of his class and to help those who need it.

Parents are urged not to cause their sons to miss a single recitation, for it makes a weak place in the chain that can never be strengthened. The idea of work being made up is preposterous. A boy may obtain knowledge enough to pass on certain work that he has missed in class, but his education is weakened just in proportion to his absence from class.

Each student is expected to have four one-hour recitation periods each day, and no one is allowed to have fewer than three, or more than five.

SPELLING

No department of the school receives more careful attention than this highly important subject. Daily recitation is required in all the forms. Spelling books with definitions, are used in all forms and the definitions required.

COMMERCIAL DEPARTMENT

Our Commercial Department seeks to accommodate an ever-increasing demand for Business Training. Efficient instructors have been engaged and adequate equipment provided. This department is a business community—securing definite and lasting results in young men—training them in keen thinking and strict business methods.

EXAMINATIONS

Examinations are given at the end of each term, and the grades made on these are averaged with the monthly grades to get the session standing, provided no examination grade is below "E."

Tests are given each month, from which, with the daily recitation grades, the monthly grades are made up.

REPORTS

Reports, giving the grade in each class and the deportment of the students, are sent to patrons at the end of each school month. Patrons are urged to note these carefully and *when unsatisfactory* to communicate with the President.

PROMOTION

When a student has completed all the assigned work in any form, he will be given a certificate promoting him to the next higher form. In the Form IV this becomes a certificate of graduation. An average of at least 75% on class work and examinations is required for promotion.

At an extra charge of \$1.00 each, a Senior is allowed a special on as many as two examinations during the session.

TRANSCRIPTS

Every student is entitled to one official transcript of his work, provided all accounts with the school are satisfactorily arranged. Those requesting additional transcripts should enclose a dollar for this service.

TO PARENTS

It is the aim of this school to train boys in mind, morals and manners. Discipline, sometimes strict, is ever necessary in the management of every successful school. Parents may not understand, in every case, why their sons cannot do this, or why they must do that. The President and Faculty are giving their time, experience and work in seeking to do what is best for boys under their charge. We know the depth and purity of a parent's love and anxiety. It is that is ever considered in all that is done, and we earnestly ask the cooperation of all parents in seeking to make the school the chief factor in sons' profitable and every possible way. We are doing all at our power to train and prepare boys for the duties and responsibilities of life, whether they enter college or enter their life's work, or giving here to cultivate their minds, their hearts and their bodies, and to mold in each one an earnest, well-rounded Christian character.

Parents should not give their sons permission to do what is prohibited by rules, nor should they encourage their sons to fail to do what the rules require.

A SAFE PLACE FOR THE BOY

In thinking of a school for their boys parents most frequently ask: "Is it a safe place for my boy?" It is the first aim of the Hargrave Military Academy to train the boys entrusted to its keeping in character and life. Christian education is ever uppermost in our minds. We are deeply interested in the education of the heart as well as the mind. Every professor is a Christian gentleman who takes time and pains to instruct the boys and to sustain in the way of right and honorable living. The people of Chatham are a Christian people and are interested in the welfare of the cadets. At the school we ever have a large number of students well trained in all Christian virtues who are willing and anxious to help the newcomer. There are no questionable places of amusement, no city temptations to which the boys may be subjected. The moral tone of the school and the town is high. Students coming here will enter an atmosphere well calculated to make their lives better and their purposes in life more firmly fixed in the way of right and truth.

WHEN TO ENTER

Many parents make a great mistake in waiting too long to put their boys in a good school. The boy who usually makes the most progress and to whom the school means the most is the boy who enters early in life. Parents should look carefully into the record of the school and know of the school's ability to train the boy in the proper way, and then unhesitatingly place the boy under the care of the school early in life. Last session we had students as young as eight years in the Junior Department.

HOW LONG TO REMAIN

Parents should enroll their boys with the intention of keeping them in school until the *Course of Study* is completed. Sometimes this will mean a great sacrifice on the part of the parent, but it will be of the greatest possible benefit to the boy. In every instance the student should arrange his course with the idea of *Graduation* in view, and parents should cooperate with the school in having this done.

Four or five, and even six years, in a good Preparatory School will mean more to a boy than a similar period of time could possibly mean to him anywhere else.

HAZING

Hazing is a violation of the laws of the State of Virginia. Any type of physical punishment, humiliation, or intimidation of one student by another, or others is classed as hazing and is not permitted.

SCHOLARSHIPS

A scholarship carrying free tuition is offered to approved students by each of the following institutions:

THE JUNIOR SCHOOL

About twenty years ago the school administration began seriously considering the increasing need of enlargement to meet the requests of parents for boarding schools prepared to train boys of elementary school age, 10 through 14 years. The Hargrave Junior School was organized as a separate department in 1920 and a fire-proof building was completed in 1929.

IMPORTANCE OF JUNIOR SCHOOL TRAINING

The modern American home frequently requires the service of either a boarding school or a school with a specialized program of training for 10 to 14 year-old boys. Junior school students at Hargrave are given every advantage of this program at the age when boys are most responsive to habit and character training. Their needs are being met by limiting the size of classes to an average of twelve to fifteen pupils, by providing continuous supervision of all activities, and by insuring close contact with ten faculty and staff members of excellent Christian character who supervise the complete training of these cadets. Evidence that this program has met with success is in part borne out by the fact that during the past session forty-four former junior school boys were enrolled in the senior school.

MODERN JUNIOR SCHOOL BUILDING

The Hargrave junior school building is new and modern in every respect. It provides living quarters for fifty cadets, school cadets, boys, two boys in a room, two masters, the house mother and other faculty and staff members, and contains class rooms for the fifth through the eighth grades, reception rooms, and social and recreational facilities for the department. Each dormitory room is furnished with chairs, tables, single beds, individual clothes closets, and a lavatory.

JUNIOR SCHOOL FACULTY AND STAFF

HEADMASTER. The headmaster is responsible for the disciplinary training of these younger boys. We strive for strict military discipline administered in the spirit of kindness and understanding. The approach to the problems of each cadet is through friendly counseling by a man who lives with these younger boys.

TEACHERS. Throughout the history of this department the school has used special care in the selection of teachers who are prepared for handling school grade work. These teachers supervise the night study of junior school boys and conduct afternoon school for those deficient in their studies.

HOUSEMOTHER. Parents need not suffer any uneasiness in sending their young sons to us. In addition to the competent Masters who direct these boys, there is a kindhearted and sympathetic Housemother. Her duty is to make life pleasant and homelike for them. She also cares for their clothing and mending, and is in a definite way a mother to the boys.

CLUBS AND ORGANIZATIONS

NON-COMMISSIONED OFFICERS CLUB. Twelve cadets in this department are each year given ratings of corporals and sergeants and are trained for efficient leadership among junior school boys.

STUDENT SENATE. This organization is composed of five junior cadets who are selected to assist in promoting good citizenship in response to the regulations of the school.

GOLF CLUB. All junior students are encouraged to try out for places in this organization which meets twice each week for practice.

LITERARY SOCIETY.—The Junior Literary Society trains the grade school boys in elementary expression and platform appearance through dramatics, readings, declamations, and debate. All grade classes participate in this work.

WAR STAMP CLUB.—This organization is composed of those cadets who volunteer to invest at least ten cents each week in war stamps. Forty-two of the fifty junior boys were members of this club during the past session. These boys invested an average of about \$10.00 each in war stamps for a total of more than \$400.00 during the school year.

RELIGIOUS ORGANIZATIONS.—Protestant boys in this department attend Sunday School and worship services at a local church. Two religious organizations, in which membership is voluntary, offer religious training to those cadets who wish to attend.

ATHLETICS

A well planned supervised athletic program is provided. The assistant headmaster is coach of all Junior School sports. The Junior School participates in both intramural and interscholastic games in each major sport. Cadets in the Junior School are encouraged to participate in football, basketball, baseball, track, tennis, and softball.

MILITARY DEPARTMENT

INTRODUCTION

During the period of the World War I in order to cooperate in every possible way with the Government and upon the request of many loyal supporters and patrons of Hargrave Military Academy the authorities introduced Military Training. The Academy has been placed under Section 56c National Defense Act by the United States Government which authorizes the Academy to requisition all necessary military equipment, uniforms, ammunition, etc. needed for successful operation of the military department, from the United States Army.

Since our national laws require that every male citizen above the age of eighteen years must serve in the army or navy in time of war this training of the boy is regarded as imperative. It simply means that should he be called for military service at any time during his life he will be better prepared than the ordinary high school student for advancement in grade in whatever service he may desire to enter.

The cadet, moreover, derives benefits from this training which are of incalculable value to him in after life, whether or not he is ever required to serve in the army.

PURPOSE OF MILITARY DEPARTMENT

The aim of Hargrave Military Academy has always been to provide a homelike school for those boys who are intrusted to its care for instruction. Other schools have sought to emphasize Military Training at the expense of homelike influence. Hargrave Military Academy seeks to combine these two desirable features.

A.

AT AN EIGHT YEARS
FOUNDED BY THE STATE

All Discipline Problems Are
Handled Through the
Commandant

The military training imparted here is of the very highest order and includes the most advanced and modern methods. The splendid record of the Hargrave Military Academy Cadet Corps is a matter of deep pride to all loyal supporters of the school. We strive at all times for perfection in the execution of all military duties, but our main endeavors in applying our system of military training to growing boys is to develop in them at their most impressionable age habits of punctuality, obedience, order and respect for constituted authority, reverence for our National institutions, a sense of personal responsibility and self reliance, and to build up strong, graceful bodies, alert minds, an erect carriage and manly bearing.

This is accomplished without in any way interfering with the parental home-like relations of the student body and the school authorities. A member of the faculty lives in each dormitory, and is always available to be consulted by the students on any personal matters and to supervise his moral welfare.

It must be emphasized that there is nothing in this military training which seeks to build up a militaristic spirit in the boy.

RULES AND REGULATIONS

Two days in the week students will be allowed to spend a part of the recreation period downtown.

Students are under the authority of the school from the beginning to the close of the session.

Prompt observance of the order of the day will be strictly required.

Students will not be allowed to engage in any games during school or study hours.

No student will be allowed to contract debts at the stores or elsewhere without written consent of parent or guardian, and upon approval of the President.

No student permanently leaving the school, without written consent of parents or guardian, will be given an honorable dismissal.

Hazing in any form is positively forbidden.

No firearms or fireworks will be allowed in or about the building at any time.

Students are forbidden to bring their automobiles to the school for pleasure usage.

No canned heat or cooking devices are to be used in dormitories.

Students are required to care for their own rooms, keeping them in good order at all times.

Rooms must be put in order before inspection at 7:15 a. m.

All students are required to keep themselves neatly dressed and to conduct themselves in a gentlemanly manner at all times.

During all recesses and holidays the general rules of the school will remain in force, except upon announcement of the President.

No tacks or paste shall be used on the walls for the purpose of making picture galleries.

The reading or possession of improper literature is forbidden.

Hitch-hiking rides is forbidden with penalty.

Disrespect to a Faculty Officer or insolence in any form is positively forbidden. Penalty—dismissal or otherwise severe punishment depending on circumstances.

Any cadet found guilty of drinking intoxicants, or of having such in his quarters or possessions will be severely punished, frequently by dismissal.

Gambling or betting or possession of devices used for same is strictly forbidden. Offenders will be punished.

It is against the school rules for a cadet to join any oath-bound or secret organization.

Profane and obscene language at any time or place is forbidden with penalty.

Cheating on recitations or examinations, lying to an Officer, or other conduct unbecoming to a gentleman will be severely punished.

Before matriculating, each student will be required to subscribe to the above rules of government, pledging his honor to cheerful obedience. The rules and regulations will be posted in each room, and in other places about the building.

The Faculty reserves the right to make and change rules and regulations at their discretion.

UNWRITTEN RULES AT HARGRAVE

Some of the things which a cadet at H. M. A. is taught and required to do.

Be a gentleman.

Be just and fair with his associates.

Lead a clean life.

Tell the truth.

The school believes in giving its students modern and adequate athletic and recreational programs. Included in the facilities and equipment are two gymnasiums with ample space for indoor floor and table games, dressing rooms, individual lockers and showers, two athletic fields with grounds for football, baseball, softball, and all track events, tennis courts, and an outdoor swimming pool.

INTERSCHOLASTIC ATHLETICS

Our teams rank high among those of the Preparatory Schools of Virginia and neighboring states. While we have made an excellent record in our interscholastic contests, our primary purpose is not to win games. It is our desire to promote and develop the true spirit of good sportsmanship, to afford efficient training for safe,

enjoyable, and successful competition with other teams, and to create the vital school spirit of loyalty and cooperation.

No one is allowed to represent the school on any athletic team except regular bona fide students. Our policy is to win athletic honors, not to buy them. We believe that the boy who pays for his schooling is justly entitled to the honor and benefit arising from membership on the school teams. Boys who come to Hargrave will not have to compete with professional or semi-professional athletes on our teams.

The athletic fee which is included in the regular charges entitles each student to compete for positions on the various teams, and to free admission to all home games.

INTRAMURAL ATHLETICS

When we make ample provision for students to participate in interscholastic contests, we realize that only a limited number of boys can be used on these teams. Therefore, the school affords ample opportunity for each cadet who cannot make varsity teams to engage in intramural sports. We emphasize the importance of all students participating in some part of our athletic program.

Not only do these intramural games create interest and stimulate morale in the Cadet Corps, but they also develop material for our varsity teams. Several teams are organized for each sport. Practically every cadet can participate in basketball, softball, tennis, and swimming.

THE CADET Y. M. C. A.

This organization is a vital factor in developing the spiritual life of Hargrave cadets. It fosters the Christian activities of the school life and trains the boys in Christian leadership. The entire cadet corps constitutes the membership of the Y. M. C. A. and attends the meetings held in the chapel each Sunday evening. The work of the organization and the programs for its weekly meetings are planned by the Y. Council of cadet officers, committees and faculty advisors. All cadets are given opportunities to participate in the work and the programs of the organization, thus developing their Christian life through activity and self-expression. This organization takes an important part in the Hargrave program of orientation and adjustment of new students to the life of the school community.

General Information

LOCATION

Hargrave Military Academy is located at Chatham, a picturesque old Virginia town in the foothills of the Blue Ridge Mountains, on the main line of the Southern Railway and United States Highway 29, twenty miles north of Danville, Virginia, and fifty miles south of Lynchburg. Situated in the rolling Piedmont country at an altitude of eight hundred feet, Chatham possesses a healthful environment without extremes of temperature. The school occupies a hill overlooking the town and surrounding countryside.

EDUCATIONAL CONFERENCES AND LECTURES

It is not only the purpose of Hargrave Military Academy to instil into its cadets the fundamentals of Christian education, but also to help them decide in what vocation their talents give the best promise of success. A vital question with every young man is, "What shall be my life's work?" This decided, he can specialize in those subjects which will be of most value to him in his chosen field.

In order to be of special service to those cadets who have not solved this problem, Hargrave Military Academy sponsors every year an educational conference, which brings cadets in contact with noted educators from leading universities. At these conferences inspiring lectures are delivered to public audiences, and private conferences are held for the benefit of the cadets.

From time to time Hargrave Military Academy brings to Chatham leading figures of the different professions. Cadet attendance is usually compulsory. These lectures are not only educational, but they also create in the boys a desire to choose something definite in life and to apply himself toward the attainment of that aim.

In keeping with its program of improvement and enlargement of physical equipment, the Academy has recently purchased a highly modernized 16 mm. movie projector. The machine is constructed for showing both silent and sound movies, or it can be used to project silent movies with sound effects. Both the projector and loud speaker are designed to be used in either a small classroom or in the auditorium which seats 400 people. The projector is very useful in our program of visual education.

LEAVE OF ABSENCE

If at any time it is absolutely necessary for a pupil to visit either home people or friends, we request and demand that they present a written permission from parent or guardian.

We earnestly request patrons not to ask that their sons be allowed to absent themselves from school on any school day. One day lost frequently retards the progress of the student. Then, too, it is unfair to the other students who want to make all possible progress in their work. The school has always been opposed to unauthorized or extensive leaves of absence, and we urgently request our patrons not to infringe upon this rule. An appropriate program is printed each year for F. ranks, giving consequently no leaves of absence will be granted at this time. Experience has taught that frequent visits home retard the progress of the students.

DISCIPLINE

The government of the school is in the hands of the President and his assistants. Very much is left to the student's honor. This school, however, is not a reformatory. Each student will be treated as a gentleman at all times, and if he is unwilling to live up to this standard he cannot remain in this institution. The discipline will be parental and home-like. The President and instructors mingle with the students in a spirit of helpful friendship, believing that the characters of the young are developed through the influence of well-chosen companionship. Intimate acquaintance with every student will be cultivated in order to meet, as far as possible, the peculiarities and needs of each.

RELIGIOUS ADVANTAGES

The Academy is pre-eminently Christian. Students are taught that the true aim of each one should be to become a Christian. The Academy is opened every morning with devotional exercises.

Although the academy is operated under the auspices of the Baptist Denomination it is not sectarian. Church attendance is compulsory, however, each student is allowed to attend the Church of his parent's choice. This policy does not apply to the Junior Department as experience has taught us that boys of tender age need special faculty supervision. There are five Protestant churches in Clitham. The nearest Catholic church and Synagogue are located in Danville, Virginia, a distance of twenty miles. Cadets who are affiliated with either of these faiths may attend morning service in Danville. **The cost of transportation will be fifty cents per student for each trip.**

CHAPEL

Short devotional services are held each morning in the beautiful Academy Auditorium. The President, members of the faculty and visiting speakers make brief and practical talks at this service. We consider this part of our daily schedule very important and profoundly beneficial in the training of youth.

MINISTERIAL STUDENTS

The Academy is glad to have young men who expect to become ministers of the Gospel. Such students are given their tuition and charged for board.

Ministerial students should file with their application an endorsement from the church of which they are members and must satisfy the President that they are in earnest as to the choice of their life's work.

No ministerial student will be permitted to do pastoral or supply work except in his senior year. The rate for ministerial students this session will be \$450.00. Sons of ministers are granted scholarships of \$100.00.

SMOKING

We are distinctly against the use of tobacco in any form and we consider it harmful, especially to growing boys.

The authorities of the school are convinced that no boy who uses tobacco to excess can do good scholastic work. **The president of the school does not use tobacco in any form.**

Experience has taught us that the most stringent regulations absolutely forbidding its use not only does not stop it, but also cannot be enforced. Such regulations have a tendency to make the student deceptive and encourages him to be when questioned about it. Some parents have tried in vain to stop their sons from smoking, and yet expect school authorities to correct a habit that they have allowed to develop. All that we can hope to do is to make our regulations so strong that no one will acquire the habit while here.

No boy in the Junior Department will be allowed to smoke under any circumstances. With the approval of their parents, older boys are permitted to smoke under restrictions.

ILLNESS

Our medical and nurses fee is included in the Academic budget and covers all charges for physician and nurse for a school year except in case of protracted illness, for chronic diseases or for disease contracted away from Hargrave Military Academy. In such cases or when a special nurse or special medical or surgical attention is needed, a bill will be rendered direct to the parents.

BOOKS

The textbooks as well as stationery, etc. are sold in our book store. These may either be paid for by the cadet, or charged to his account and a monthly statement rendered.

LAUNDRY

Since the cost of laundry is included in the financial budget, it is wise to moderate what will be considered as one week's laundry. It is as follows: 2 sheets, 1 pillowcase, 4 shirts, 1 suit of pajamas, 2 suits of underwear, 4 pairs of socks, 4 towels, and 6 handkerchiefs. *Excess will be charged to the cadet.* It is required that each garment be marked with name tape.

CLEANING AND PRESSING

Since cleaning and pressing is included in the budget, we deem it wise to state that each cadet is allowed 7 garments cleaned and pressed per month. We have found this to be ample for the average boy. Any excess will be charged to the cadet.

DAMAGE AND BREAKAGE

Each cadet will be held responsible for damage to his own room and to the school property.

SPENDING MONEY

We do not encourage boys to be spendthrifts, therefore, parents are urged to cooperate with us by allowing their sons a limited amount each week. Fifty cents to one dollar per week is ample. Should parents desire the school to handle their sons' weekly allowance, a deposit must be made in the office.

SUNDAY LETTER

Every Cadet is required to write a letter home each Sunday. The mailing of this letter is checked by the officer in charge in order that you may be certain to receive at least one letter from your son each week.

ACCIDENT INSURANCE

The Indemnity Insurance Company of North America insures Cadets against accidents at the cost of \$10.00 per school year. This protection is effective from the time the cadet leaves home in September until he returns in June. It includes accidents sustained at school, including all sports on vacation and while traveling between school and home. The maximum amount of coverage including x-ray, hospitalization and doctors' bills is \$2,000. While this is excellent protection for every Cadet, we especially recommend it to those who participate in any form of athletics.

Financial Matters

SUPERIOR ADVANTAGES AT MODERATE COST

The chief matters of consideration which generally enter into the selection of a school are the location, material equipment, faculty, incidents, and the cost. In former paragraphs we have endeavored to present our numerous advantages. The cost is as small as consistent with first class advantages. A thorough investigation will convince that Hargrave Military Academy offers as much of real merit as any school of similar grade in the State and at much less cost than most other schools.

UNIFORM EXPENSE

The uniform worn by Hargrave Military Academy cadets is made of the finest Charlottesville Cloth from the Charlottesville Woollen Mills and should not be confused with the cheaper cadet greys. The coat is of Semi-English style. The trousers are made from extra heavy material. The entire uniform is so constructed as to endure hard service and still maintain a dressy appearance.

Some patrons make the error of including the price of uniforms when counting the cost of sending their sons away to school. This is a mistake; the cost of uniform should not be added to school expense any more than the cost of clothes during the summer. Furthermore, in figuring the cost of uniform it should be borne in mind that much of the uniform lasts through a number of years. Conservative patrons testify to the economy of the uniform.

The uniform includes the following articles:

REQUIRED

(Must be purchased through the Academy)

Blouse	\$ 26.00
2 Pair Trousers @ \$14.00	28.00
4 Grey (Burton Irish Poplin) Shirts.....	9.00
1 Dress Hat	3.75
2 Belts (1 leather, 1 web).....	2.00
2 Ties	1.50
Cross Guns and Insignia.....	1.50
Overseas Cap	1.90
1 Cadet Grey Sweater (slipover v-neck).....	6.00
2 Pair White Ducks.....	5.50
White Equipment—Belts, Buckles, Cap Cover, Gloves ..	3.00
Overcoat	12.00
(Cape (graduates and seniors), \$10.00)	
1 Army Blanket	4.00
1 Pair Coveralls	4.00
 Total.....	 \$188.15

(May be brought from home)

1 Pair Black Shoes or Oxfords	\$ 5.50
4 White Shirts (\$2.25 each)	9.00

If one desires to only purchase second-hand garments and thus effect a material saving. This is only possible when a cadet can be fitted from our used garments, which have been thoroughly re-conditioned and remodeled.

THE UNIFORM IS STRICTLY CASH

Our contracts for the above articles of uniform are subject to Wartime restrictions and regulations both as to delivery and cost. Due to ever changing conditions beyond our control it may be necessary to adjust the above equipment and prices.

MISCELLANEOUS

Certain extras are not common to all pupils and therefore, are not included in the regular charges shown above. A table of these charges is given below.

Private lessons in Piano and use of Piano (school year).	\$ 50.00
Private lessons in Stringed, Wind and Reed Instruments .	50.00
Laboratory Fee (Scientific Courses)...	5.00
Diploma (Graduates) .	5.00
Use of Typewriter	10.00
Board and Room for Christmas Holidays	25.00

No authoritative statement of grants of credit will be granted a student until his accounts have been satisfactorily settled.

The management reserves the right to withhold the diploma from any graduating student until his accounts have been settled in full.

The Academy will not be responsible for any property left by a departing student.

Do not send checks by Cadets as they often carry these in their pockets until a statement is sent to patron. It is an embarrassing bother to the management and to the patron. Send checks by mail to Hargrave Military Academy, Chatham, Va.

THE SUMMER SESSION

June 14--August 21

The summer session will run for a period of ten weeks to conform to the standard summer schools of normal schools and colleges. By taking a double period in 2 classes a student may obtain 2 unit credits on new work.

Boys will be required to attend meals and classes regularly and promptly. Each boy will be required to devote sufficient time to study each day. However the military rules and regulations are not enforced during the summer session. Sufficient time for swimming, tennis, baseball, hiking, etc., will be available. Camping parties to nearby points of interest can be arranged over the weekend. Boys will room in a dormitory under supervision of an instructor and will be required to keep their own rooms in order.

Total expenses including board, room, tuition, etc., \$200.00. If a science course is desired a laboratory fee of \$5.00 will be charged. All expenses are payable on entrance.

WITHDRAWALS

Students are not accepted for a shorter time than one annual session or from the time they enter until the close of that school year. Contracts are for the session. Should a student desert or be dismissed or withdraw for any reason except in the case of illness, no rebate will be given on money already paid, but on the other hand any unpaid balance of the regular fixed charges will immediately become due and payable. We consider this fair for two reasons. First, because our number of rooms for cadets is limited, second, because a cadet who deserts or gets so as to cause himself to be dismissed damages the school more than the amount of charges payable.

The only exception to the above is in a case of protracted illness. When the school physician certifies that a cadet should not continue in school, a refund of the fixed charges will be prorated from the time of the withdrawal until the close of the session.

If it becomes necessary to dismiss a foreign student from the Academy, he will be turned over to the nearest consular representative of his country, and the expenses incurred in doing so will be charged to the boy's account.

TESTIMONIALS AND REFERENCES

Please let me take this opportunity to thank you for all the fine things which you and your institution have done for my son, Stuart.

He is happy and perfectly satisfied there and we, at home, think he has been greatly benefited by his association with your faculty and student-body. Stuart and we appreciate all the chances which he has to develop into a strong and good man. I hope I will have an opportunity some day to thank you personally.

Very respectfully yours,
MRS. LAURA CUSHMAN,
Portsmouth, Va.

After a summer in Washington I believe he will be happy to return to your excellent Academy and see his young friends again.

The other evening I was very happy to speak a good word for you and your staff. A lady called me from Alexandria to ask about Hargrave. Her final comment was that if I was sending George back for a second year, that in itself was recommendation enough and she felt she would send her fourteen year old son to you.

(DR.) MORRIS C. AUGUR
Washington, D. C.

Both Mr. McConnell and I have a very high regard for your school and we feel it has done a lot for our boy. We are pleased with his record and have mailed application for registration next year.

With best wishes, and looking forward with a great deal of pleasure of seeing you and your wonderful faculty, I am

Yours sincerely,
MRS. MARIE McCONNELL,
Pittsburgh, Penna.

Mr. Twisdale and I are so happy to write and thank you and your faculty for the progress James is making in his studies and military work. We were thrilled to learn of his promotions and we are sure his success is due to Hargrave. Your interest in him is deeply appreciated.

Sincerely,
MRS. J. R. TWISDALE
Halifax, N. C.

Joe is leaving at 11.00 a. m. tomorrow and should reach Chatham at 5-18 p. m. Wednesday. We have enjoyed this vacation season with him, and are pleased with every attitude, reaction, and interest which he has shown. He is very proud that he is a member of the Hargrave Cadet Corps.

His report card came today. His face beamed when he saw the words "Honor Roll." I am particularly pleased with his A in Military Discipline and with his "Good Conduct" honor bar. If he continues to receive A's in this part of his work, he will undoubtedly do creditable work in his studies and extra-curricular activities.

REV. AND MRS. L. W. BENEDICT,
Louisville, Kentucky

Mr. Davis and I are well pleased with the progress that Walter has made since being at Hargrave. We are deeply indebted to you and your faculty.

MRS. OSCAR DAVIS
Elizabeth City, N. C.

We want to express our deep appreciation for the kindness, courtesy, and cooperation shown us by each member of your staff during our visit. The cadets, we had the pleasure of meeting, were very courteous, and I can readily understand why schools like Hargrave are vital factors in the development of sterling character.

Mrs. Brown and I have missed our son very much during the past few weeks but we are reconciled by the knowledge that the wholesome environment of Hargrave will produce a foundation for success in his later life.

My son was very much impressed with Hargrave and seemed very anxious to prove he is proud to wear the uniform of a cadet at Hargrave Military Academy.

Again I want to express my appreciation for the excellent cooperation received during our visit and sincerely hope my son shows the spirit that we have found at Hargrave.

Yours truly,
WALLACE E. BROWN,
Huntington, West Va.

We have been very well satisfied with the progress both boys have made and have not regretted our decision to take them out of the local high school, or our choice of a school.

MRS. J. M. BLOXOM,
Mappsville, Va.

We are very much pleased with the improvement we can see in Harold, and we do appreciate what you and the teachers there are doing for him.

MRS. J. H. MATHEWS,
Leesburg, Florida.

Minor was home, as you know, for Easter and he was looking fine. In my judgment, you, your excellent staff of teachers, and others associated with you and the management of H. M. A. have done a most excellent job in the development of Minor, although I am conscious that he is still far from perfect. Accordingly, I have no regrets because I transferred him to your school in 1939, and in speaking to my friends about Hargrave I have not hesitated to praise your activities as being most acceptable to me.

Most sincerely,
C. D. MINOR,
150 William Street,
New York City.

I am enclosing check for the balance due and addressing my letter to you, because it gives me the opportunity to tell you how pleased I am with Richard's progress in Hargrave. I want to thank you too, for the way you have kept his clothing bill down. I keep looking forward to visiting Hargrave.

Most sincerely,
MRS. MARY HOBBS WHITEMAN,
New York City.

I was very pleased to see that Robert was again placed on the Honor Roll and trust that he may remain thereon for the rest of the term. When the time comes for enrolling students for next year please include my son's name. With personal regards, I am

Sincerely yours,

K. A. LANDON,
Baltimore, Maryland.

I am sorry that conditions have arisen that caused a change in my plans to send Henry back to Hargrave for post graduate work this fall, and I wish to assure you that I feel that Hargrave is one of the best schools in the country.

H. G. ROLLINS,
Avondale, N. C.

I want to take this opportunity to express my sincere gratitude for your kind interest and assistance which you showed me during my stay at Hargrave.

The compliments which I received on my training and appearance, I believe, should be credited to the training which I received at H. M. A. Miss Chambers, my guardian, was very pleased upon learning of the scholarship which I received to Washington & Lee University. I would greatly appreciate written confirmation of this award and information regarding its value, as I expect to enter W. & L. this fall.

Most respectfully,

ALEXANDER H. JORDAN,
Pelham Manor, N. Y.

We certainly are very pleased with Val's work and attitude this year. You have a grand school and we do appreciate the interest you and the faculty have taken in him. He is enjoying his work and seems so proud and loyal to his school.

We are planning on sending him to either University of Connecticut or University of Pennsylvania. He wishes to take Business Administration, but if you think he should do otherwise I wish you would advise him, as you are in a position to judge his work.

Thanking you for your kindness,

Respectfully yours,

MRS. MARY A. LOPFER
Fairfield, Connecticut.

I would like to take this opportunity of thanking you and the entire staff for your many favors shown Tom while he was in Hargrave. I know from conversation with him that he enjoyed every minute of his time up there, and especially enjoyed his associations. May you have many more successful years.

Very truly yours,

M. J. DICKERT,
Florence, South Carolina.

I am very grateful to be able to write and thank you for the medal that you presented to my son at your Commencement Exercises. Billy has enjoyed this past year in your school and everyone has noticed the improvement in him. I regret that I didn't send him to your school several years ago.

Very sincerely yours,

MRS. RUTH JENKINS,
Aliquippa, Pennsylvania.

Everyone is remarking about the change for the better in Van, guess I will have to give Hargrave the credit. I am so pleased with his improvement.

Very truly yours,

MRS. MARY F. MOORE,
New Bern, N. C.

We were delighted indeed to see from John's first report that he is doing good work again this year. He seems to be completely satisfied in every respect with Hargrave. With best wishes, I remain

Very truly yours,

MRS. ALTON G. McLOHON,
Kernersville, N. C.

We were sorry to miss you a week ago when we came down to visit Carlton. We wanted to see you very much and tell you how we appreciate the improvement which we noticed in him. We feel that it has been a wonderful thing for him to be at Hargrave at this time in his life. We miss him greatly at home, and the only thing that reconciles us is that we feel it is such a fine thing for him to be where he is.

F. C. COLCORD,
Montcoal, West Va.

I would like to mention at this time the fact that we certainly appreciate what you have done for Fletcher, not only the encouragement you have given him by keeping him in the higher grade but also judging from his own letters the very happy frame of mind he has developed since being at your school, something which is quite a contrast to the attitude he had for some time prior to the time he left home to step out on his own and being away from his parents.

Very truly yours,

G. H. ATKINSON,
Portland, Maine.

We were glad to receive Franklin's report and note that his average grades had improved. We are still pleased with our selection of Preparatory School and are glad to have Franklin in your hands.

Sincerely yours,

C. W. HOPKINS,
Charlotte, N. C.

"The close of school, and Nevin's stay in Chatham, draws near and I feel rather sad when I think of it. These five years have meant so much to him, and to me, in the shaping of his future life. Thanks to the fine training in everything that he has received under your able care. I am glad to say that I feel sure that he is a gentleman and a student, and I hope will go on to be a credit to the profession he is choosing.

Nevin has a Bulletin from Wake Forest with an application blank, some parts of which are to be filled out at school, and I will appreciate it if you will see that he attends to it as soon as time permits.

I expect to be in Chatham for graduation, and although I know I cannot find words to express my deep appreciation to you and your corps, I shall try when I see you then.

Very sincerely yours,

MARY L. K. ACTON,
Atlantic City, N. J.
